Our Vision

Become a trusted global name in dressing the planet by using 3a keys of success

Adherence : We will never give up our efforts to improve our products, services and processes

Allegiance : We solemnly pledge loyalty, reliability and integrity to our customers

Ardour : We will always put our ideas into action with great enthusiasm and care to go above and beyond customer satisfaction.

Parba Fashion Ltd.
Rosafemale Garments Manufacturer & Exporter

Products

By keeping track of the latest market-trends, PARBA has evolved onto the level of manufacturing all kinds of basic and specialized knitwear-products such as

Sleepwear, loungewear and nightwear

Tank Top, Cami, Chemise, T-shirt, Long Sleeve Top, Sleep Shirt, Boxer, Capri, Pant, Robe / Kimono / Gown, Union Suit (One Piece) / Romper, Pajama Sets

Underwear

All types of Panty
Men's Brief, Boxer and T-shirt
Sports Bra and Boxer
Leggings, Base Layers

Outerwear

Polo T-shirts, Sweat Shirts, Hoodie, Jogging Dress
Kids' Tops, Bottoms, Dress, Pajama Sets
Active wears, School Uniforms

Size, Capacity & Turnover

Two Production units having a total floor space of about 50,000 square feet

Set up of 12 sewing lines accommodating up to 350 sewing machines with a total manpower of 800 people.

Based on sleepwear, we can produce about 600,000 pcs in a month. The productivity goes higher or lower depending on the order volume per style and the simplicity or complexity of styling and workmanship.

Our current turnover is about 10.00 million U.S Dollar per year.

Parba Fashion Ltd.
Readymade Garments Manufacturer & Exporter

Why Choose us

We have our **Own Merchandising and Sourcing Team** strong and capable enough to handle order execution independently and successfully.

We have **In-house Sample Room** with bulk representing machines, mannequins and CAD software compatible with Optitex, Garber and Lectra.

A great team of right people in right seats with down-to-earth spirited directors at the steering, continually working together on real difficulties and bringing about excellent results with simplified concepts, culture of discipline and technological accelerators.

Most Competitive Price, Highest Quality Level, Shortest Production Lead Time and On-time Delivery are guaranteed.

Well compliant in terms of fire safety, structural integrity, health and safety, Salary and wages, no child or forced labor, no gender discrimination, in-house doctor / nurse, Child care Room, Canteen and other social requirements.

Real Time and Remote Production Monitoring with the help of cloud based software.

Global Presence and No Local customers –Products are 100% exported

Easy access to Men, Machines, Materials and Methods: Being in Bangladesh, the second largest garments hub of the world, we have a very easy access to strong supply chain of materials, skilled and cost-effective manpower, latest hi-tech machinery and technical know-how, industry best practices.

Nearness to Sea Port: As we are based in Chattogram, the port city of Bangladesh, our goods can be transported to and from the port in just 30 minutes whereas the factories in the other parts of Bangladesh need about two days.

Order Execution FLOW CHART

CAD Room

To increase accuracy and efficiency as well as to reduce time and wastage in marker making, we have a well-equipped and expert-staffed Computer Aided Design (CAD) room using -

1. CAD Software NOVACAD 20 with marker nesting engine Multicore Pro Technology- which supports DXF-AAMA file format and is well compatible with other popular software like Optitex, Garber and Lectra.
2. Digitizer-to turn the sewing patterns into digital files.
3. Plotter - to print patterns, grading nests and markers for cutting.
4. Mannequin(Doll)- to check the fitting accuracy of samples.

Sample Room

- All types of bulk representing sewing machines.
- Team of experienced and skilled Pattern Master, Merchandiser, Sample Makers, Sample Cutter and Quality Checker, capable of understanding and fulfilling buyer's design concepts and requirements and developing production-friendly samples of any critical style.
- Quick sampling turn around

Parba Fashion Ltd.
Ready-made Garments Manufacturer & Exporter

Production Floors – Cutting / Sewing / Finishing

- Mostly latest and automated machines
- Team of highly skilled and experienced operators, supervisors and managers
- Real time production tracking and monitoring by the top management with the help of a cloud-based and remotely accessible software.
- Bulk production starts only after proper preventive and corrective measures taken based on the outcomes of PP Meeting, Size Set Samples and Pilot Run
- Fabrics are not allowed for cutting without Quality inspection and due relaxation
- No outputs are passed from the sewing line to Finishing without 100% quality checks
- The Finishing section is equipped with well maintained industrial steam irons and vacuum tables, Both Gas and Electric powered boilers, Thread Sucking Machine and Heat Sealing Machines.
- To help customers save the freights of high volume garments like Sherpa items, we have a Vacuum Packing Machine.
- For customers requiring metal checks we have a Metal Detector and a Metal-free Zone in place

Parba Fashion Ltd.
Responsible Garments Manufacturer & Exporter

Quality Control Assurance

PARBA's experienced Quality-Assurance extends its operation even into the sourcing of raw-materials and machinery.

PARBA has continuously restructured this system, and it now features a unique capability in terms of industry-low rework and repair rate. It has acquired the latest Quality-Control equipments, and developed quality-consciousness among the workforce. Due to its firm grip on quality regulations, PARBA can meet the best AQL requirements of clients.

PARBA's QA team provides no room for error and can readily assure superior product-quality to its clients. At PARBA, client satisfaction is company-satisfaction.

Worker's Welfare

Besides paying a "living wage", PARBA supports its employees by setting up welfare facilities like medical center, child care room, and canteen. The result is low migration rate in its workforce.

Properly equipped with a team of full-time doctors and nurses, its medical unit extends consultation & medication to workers' general health care requirements. It also bears full expenses of treatment of any injuries incurred in working hours.

In PARBA, child care room is not mere a compliance with the legal requirement, rather a pride-taking facility to take care of & entertain the children of the working mothers.

Moreover, adequate and facilitated arrangement of canteen, safe drinking waters, and hygienic lavatories make PARBA a good place to work.

'Pick & Drop program' is introduced for all workers to ensure comfortable & quick journey from home to workplace and vice versa. For the entertainment of workers and their family, PARBA arranges every year entertainment programs like Picnics.

Parba Fashion Ltd.
Ready-made Garments Manufacturer & Exporter

Safety and Integrity

As a responsible apparel producer, PARBA provides employees a work environment high above the law-required level.

The PARBA factory building is structurally well compliant with industrial building codes.

PARBA installed and has updated fire doors, lighting, ventilation and ergonomics of its plants using latest technologies like bus bar for electrical fitting, overhead mirror reflectors for lamps, forced dust ventilation and so on.

Clearly demarcated emergency routes & exits, smoke & fire detectors, consciously designed working lay-outs ensure a safe workplace for workers.

As per ISO requirements, instructions and warning signs are posted in highly visible places, inside the factory and in local language (Bangla).

Moreover, usage of metal gloves in times of fabric cutting, needle guard in time of sewing and such similar procedures reduces significantly work-related accidents in PARBA.

PARBA consciously puts effort to empower woman not only by just recruiting more women in workforce, rather by undertaking some assertive-programs to train & promote women in the higher level.

PARBA strongly opposes forced-labour, child-labour, racism, gender discrimination and exploitation of workers, and makes every possible effort to discourage such misconducts. It employs individuals solely on the basis of their qualifications.
